Her knowledge of the best destinations and shore excursions made planning a breeze!

I have had great experiences with Concierge Cruises. A Very Professional, Totally Reliable, Helpful & Friendly Travel Agency. I am with an Agency that provides services to disabled children and adults. Many of the Individuals we serve have dreams of traveling. I contacted Concierge Cruises to organize and coordinate a cruise. Georgene was so helpful in planning the perfect cruise for the Individuals. She was able to make sure all their special needs were met. Her team at Concierge go above and beyond in all they do. The cruise was such a success, it is now an Annual event to cruise to an exciting destination. In June 2016 we are cruising to Alaska! I was so impressed with Concierge Cruises that I also use them for my personal traveling. I cannot speak highly enough of this company. Georgene Malovich was responsible for our overall cruise. She provided a highly professional service and a truly fabulous trip through the ports of call we visited. At all times I could totally rely on her and her team for prompt and helpful assistance and she would always respond to my emails and phone calls promptly. It is a true pleasure to work with this travel agency. They treat you like family. In short...if your looking for the Best...Concierge Cruises is it!
