

Our first cruise was on RC and was above and beyond our expectations. Our 2nd cruise was on NCL and did not come close to RC professionalism and desire to make sure our every experience onboard and off was good. Our 3rd and 4th cruise, which was this last one and both onboard the Oasis, were just as great as our first RC cruise. Although there were 6,000 plus guests onboard, we never felt crowded onboard. The entertainment and shows were great as well as the activities. I feel that the concern for safety onboard the Oasis was a top priority. I work at a very large Hospital System in SW FL where washing hands and using hand sanitizers is a priority. I saw onboard the Oasis the same level of concern. Thank you Concierge Cruises and Royal Caribbean for another fantastic cruise and I looking forward to cruising with you in 2018 to celebrate my wife's and mine 30th wedding anniversary.
