

For those who never took a cruise before or those who do not want the worry of all the stress, then go with Concierge Cruises. Georgene was awesome. She walked me through everything from the embarkation to the disembarkation. I was a first time 'cruiser' so every little detail she gave me, from the luggage tags, parties, food, shows, spa and to the layout of the ship, made my worries go away. Concierge Cruises truly made our vacation exactly what it needed to be; Relaxing and Enjoyable! Thank you Georgene!

Sincerely,

Jennifer
