To Whom it may concern,

Georgene from Concierge Cruises has been a great addition to our travel program at the SHARE Club. Georgene and her team have put together some wonderful cruises over the last couple of years that have been affordable and fun.

She has also really helped in a pinch with a presentation for our members. Georgene has also donated gifts to our various holiday parties and special programs throughout the year. She has been a pleasure to work with and her communication and people skills are excellent.

I can highly recommend her and her team for any travel programs you may need. If you need any additional information, please contact me.

Best Regards,

Dena Kilgus
